

## Company profile

Fact Sheet (Status: Jun 29, 2011)

The international COLEXON group is one of the leading manufacturer-independent system integrators in the photovoltaic sector. The company designs and installs turnkey photovoltaic plants for institutional and private investors in Germany and abroad, and specializes in the realization of return-optimized and large-scale photovoltaic projects for both internal and third-party operations. COLEXON distinguishes itself in particular through its expertise in the application of innovative thin-film technology. The company's target clients are primarily institutional investors and developers from agriculture, industry, and the public sector. COLEXON Energy AG is listed in the Prime Standard at the German Stock Exchange in Frankfurt.
