

Company profile

Conduent creates digital platforms and services for businesses and governments to manage millions of interactions every day for those they serve. We are leveraging the power of cloud, mobile and IoT, combined with technologies such as automation, cognitive and blockchain to elevate every constituent interaction, driving modern digital experiences that are more efficient, helpful and satisfying.

Conduent's differentiated offerings touch millions of lives every day, including two-thirds of all insured patients in the U.S. and nearly nine million people who travel through toll systems daily. Whether it's digital payments, claims processing, benefit administration, automated tolling, customer care or distributed learning – Conduent serves a majority of the Fortune 100 companies and more than 500 government entities.
