<sup>2</sup> Adjusted for €0.9 million, or €0.16 per share, in non-operating income arising from the restatement of earn-out obligations

<sup>3</sup> Adjusted for €2.4 million, or €0.41 per share, in non-operating expenses arising from acquisitions

<sup>4</sup> Adjusted for €2.4 million in non-operating expenses arising from the earn-out obligation of kununu GmbH

<sup>5</sup> Adjusted for €2.4 million in non-operating expenses arising from the earn-out obligation of kununu GmbH and the €7.1 million impairment of XING Events

<sup>6</sup> Due to changes in the IFRS guidance on accounting for purchase price obligations from earn-out arrangements arising from the acquisition of companies, earn-out payments (relating to kununu in this case) must be recognized under cash flows from operating activities. The effect is €-3.9 million. The cash flows from operating activities for the reporting period, excluding the non-operating kununu effect, thus amounted to €39.9 million.
