# COMPANY OVERVIEW AND BUSINESS MODEL

Ferratum Oyj and its subsidiaries form the Ferratum Group ("Ferratum" or the "Group"), an international provider of digital lending and mobile financial services. Headquartered in Helsinki, Finland, Ferratum was founded in May 2005 and has rapidly expanded its operations across Europe, South and North America, Africa and the Asia-Pacific region.

Ferratum currently has a presence in 25 countries, 24 with lending activities, and in five of these countries (Sweden, Norway, France, Germany and Spain) with its mobile banking service. An EU banking licence enables passporting of financial services to all EU countries. With 1.8 million active and former customers who have been granted one or more loans in the past, Ferratum is one of the leading international providers of mobile loans to consumers and small businesses.

Over the past 12 years, Ferratum has pioneered digital lending solutions using proprietary credit scoring algorithms that can deliver instant credit decisions, allowing Ferratum to make fully risk-assessed lending decisions at a pace unmatched by traditional banking and lending industries. Ferratum's technology and services have been built around real customer behaviour and experience, enabling the Group to offer secure, easy-to-use, real time digital products suitable for a wide range of financial needs and circumstances. Microloan offers consumers quick and straightforward access to small cash amounts to meet immediate, short term financial needs ranging from EUR 25 to EUR 1,000 with durations of between 7 days and 90 days; PlusLoan is a more flexible loan product, ranging between EUR 300 and EUR 5,000 and a duration of between 2 months and 3 years, which is repayable in instalments to help customers to budget their finances. Credit Limit is a digital revolving credit line offering up to EUR 3,000. Borrowers are granted a maximum credit limit, which can be used or repaid at any time. Borrowers are only charged for the funds they withdraw, helping customers to budget according to their cash flow. Ferratum has also this year launched Primeloan in Finland, a longer-term consumer lending product ranging from EUR 3,000 to EUR 20,000 with a duration of between 1 to 10 years, enabling customers to budget for more significant purchases such as a car or home improvements.

In 2015, Ferratum expanded into small business lending providing loans from EUR 2,000 to EUR 250,000 with a term of 6 to 18 months.

By putting customer needs at the heart of its business model and innovating in response to those needs, Ferratum has been able to diversify the range of products available in its countries of operation as Ferratum quickly understands the credit behaviour of customers in each new market. Applying big data technology, and centralizing IT systems and customer services as the Group has expanded geographically, Ferratum has achieved balanced, profitable growth in every year of operation, underpinned by the ability to rapidly launch innovative new products in new countries and markets.

Building on the success of its roots in digital lending, Ferratum is at the forefront of the digital banking revolution. Ferratum is rapidly evolving to fulfil its long-term vision of becoming a leading international mobile bank offering an ever-wider ecosystem of digital financial products. The Ferratum Mobile Bank, launched by Ferratum Bank p.l.c. in 2016, is an innovative mobile-only banking app that puts the customer in control of their financial affairs. Offering real time digital payments and transfers, and available in a range of currencies, the Mobile Bank offers banking services including current accounts, overdrafts, savings, term deposits and a multi-currency contactless debit card, giving customers the freedom to manage their finances, via their mobile, whenever they need to, wherever they go. The open Application Programming Interface (API) architecture supporting the Mobile Bank is designed to be highly scalable and will enable Ferratum and third-party providers to easily integrate additional products, services and functionality within Ferratum's mobile app over time.

Ferratum's mobile banking platform is fundamental to the Group's ongoing growth strategy and corporate mission, and Ferratum's ambition is to be the partner of choice for banks wanting plug-and-play mobile banking solutions, and non-financial brands wanting to offer mobile banking solutions. The technology stack of the Mobile Bank can easily be franchised for these purposes, and Ferratum is actively pursuing innovative partnerships that will enable Ferratum to extend its customer reach to audiences in consumer-facing sectors, such as travel, utility and entertainment, in the near future.

# JANUARY – SEPTEMBER 2017 HIGHLIGHTS

## FINANCIAL HIGHLIGHTS

**+48%**

Group revenue of EUR 161 million, up 48.2% year-on-year

**+67%**

Operating profit (EBIT) of EUR 23.8 million, up 67.3% year-on-year

**14.8%**

Improved EBIT margin of 14.8%

**+86%**

Profit before tax (EBT) of EUR 17.6 million, up 85.9% year-on-year

**+77%**

EPS (basic & diluted) increased 76.9% year-on-year to EUR 0.69 per share

**1.8m**

Increase of active and former customers by 23.6% year-on-year to 1.8 million

**€243m**

Consumer and business loans portfolio up by 32% over 9M 2017 to EUR 242.9 million

**€155m**

Deposit volume as at 30 September 2017 EUR 155.3 million, up 53.1% compared to year-end 2016

**€15m**

Successful tap issue of EUR 15 million by Ferratum Bank p.l.c. in Q2

**€20m**

Successful private placement of a EUR 20 million senior unsecured bond issued by Ferratum Germany GmbH in Q3

## NEW PRODUCT AND COUNTRY LAUNCHES

Launch of Primeloan and Ferratum P2P in Finland

Launch of Ferratum Business (SME) Loans in United Kingdom

Launch of Ferratum Brazil

Launch of Mobile Bank in France and Spain

Subsequent event (October 2017): Strategic partnership with Interswitch in Nigeria

# BOARD OF DIRECTORS REPORT 9M 2017

| Equity ratio %  | 24.9        | 29.7        | n/a      |
| Net debt to equity ratio                                | 1.86        | 1.53        | n/a      |

### Calculation of key financial ratios

$$\text{Equity ratio (\%)} = 100 \times \frac{\text{Total equity}}{\text{Total assets}}$$

$$\text{Net debt to equity ratio} = \frac{\text{Total liabilities} - \text{cash and cash equivalents}}{\text{Total equity}}$$

$$\text{Profit before tax (\%)} = 100 \times \frac{\text{Profit before tax}}{\text{Revenue}}$$

## REVENUE

- Revenue in the first nine months of 2017 was up 48.2% y-o-y to EUR 161.0 million
- Revenue growth of 6.6% in Q3 2017 compared to Q2 2017
- Revenue share in the first nine months of Microloan decreased from 35.8% to 20.3% y-o-y
- Revenue share in the first nine months of PlusLoan increased from 19.1% to 27.3% y-o-y
- Revenue share in the first nine months of Credit Limit increased from 42.5% to 46.8% y-o-y
- Revenue share in the first nine months of SME loans increased from 2.3% to 5.6% y-o-y

## OPERATING PROFIT (EBIT)

- EBIT margin of 14.8% in the first nine months of 2017
- Personnel expenses grew by 43.5% y-o-y to EUR 25.4 million, largely in line with revenue growth
- Credit losses, as a proportion of 9M revenue, increased in line with management expectations, while savings from changes to the customer acquisition and upsell strategy continued to reduce marketing costs as a proportion of revenue, resulting in a strong operating profit (EBIT) of EUR 23.8 million (+67.3% y-o-y)

## PROFIT BEFORE TAX (EBT)

- EBT growth in the first nine months 2017 of 85.9% y-o-y to EUR 17.6 million
- Earnings per share (undiluted and diluted) of EUR 0.69 in Q3 2017
- Net finance cost was affected in Q1 by an FX gain of EUR 824,000 and losses in Q2 of EUR 473,000 and Q3 of EUR 413,000

## LOANS TO CUSTOMERS

- Net receivables up 31.7% to EUR 242.9 million from EUR 184.3 million at year end 2016
- Loan coverage ratio remained stable at 25.3% compared to 25.4% as of 31 December 2016

## CUSTOMER BASE

|                         | 30 September 2017 | 30 September 2016 | Growth in % |
|-------------------------|-------------------|-------------------|-------------|
| Active/former customers | 1,803,076         | 1,458,921         | 23.6%       |
| New customers           | 241,389           | 227,379           | 6.2%        |

# KEY DEVELOPMENTS AND PROGRESS

---

## 9M 2017 EARNINGS PERFORMANCE

Ferratum continues to make excellent progress and has delivered another quarter of record revenues. Group revenue of EUR 57.3 million in the third quarter was 6.6% ahead of Q2 2017 and means that in just nine months, the Group has generated revenues of EUR 161.0 million, an increase of 48.2% year-on-year and 4.5% ahead of total Group revenue for the full year 2016. Ferratum's premium, higher margin products such as PlusLoan and Credit Limit now represent almost three quarters of total Group revenue for 9M 2017, while Ferratum's business lending to SMEs over the same period accounts for a further EUR 9 million, or 5.6% of Group revenue. As expected, Microloan continues to decline as a proportion of total Group revenue, although the EUR 32.7 million generated in 9M 2017 (20.3% of Group revenue) is only marginally lower than the 21.2% of total Group revenue attributable to Microloan for the first six months of 2017. While Microloan remains a valuable lower risk tactical asset to help Ferratum understand customer behaviour and needs in new markets, the core growth products of Ferratum's digital lending activities – PlusLoan, Credit Limit and SME business lending – are now firmly established as the core drivers of Group revenue.

Operating expenses of EUR 81.1 million for 9M 2017 grew by 36.8% year-on-year, less than Group revenue growth, and illustrative of the positive impact of the Group's enhanced efficiency initiatives of the past 12 months. Changes to the acquisition and upsell strategy for customers continued to have impact on on credit losses and marketing cost. While credit losses as a proportion of revenue increased slightly over the period (9M 2017: 35.0% of Group revenue vs. 9M 2016: 32.4%, ie. up by 2.6%), savings from changes to the acquisition and upsell strategy for customers continued to have a positive impact in reducing marketing costs as a proportion of revenues (9M 2017: 15.5% of Group revenue vs. 9M 2016: 19.3%, ie. down by 3.8%). As a result, the Group delivered strong operating profit (EBIT) of EUR 23.8 million for 9M 2017, a 67.3% increase year-on-year.

The total finance result continues to benefit from deposit taking, i.e. a higher share of refinancing with low or non interest bearing deposit products. This resulted in profit before tax (EBT) for 9M 2017 of EUR 17.6 million, an 85.9% year-on-year increase and thus growing faster than the operating profit (EBIT).

## PRODUCT AND COUNTRY LAUNCHES

2017 has been another busy year for new products and country launches, and the Group also achieved another milestone in its geographic expansion shortly after the 9M period end with the launch of Microloan in the African continent. The launch, through a strategic partnership with Interswitch in Nigeria, is described in more detail in the section entitled Subsequent Events.

As disclosed in the Group's results for the first six months of 2017, Ferratum has continued to diversify the size and duration of its loan products to cater for customers with longer term financial objectives. The launch of 'Primeloan' in Finland not only offers significantly larger sums of up to EUR 20,000 for longer terms of up to 10 years, but the product tests a new risk model which links pricing to the risk profile of the customer, tailoring the loan terms more closely to the customer's circumstances and purpose of the loan.

Also in May, Ferratum entered the consumer lending market in Brazil, establishing a subsidiary in São Paulo, which will initially focus on Credit Limit, offering flexible credit facilities in sums up to BRL 3,000 (EUR 850).

Ferratum Business was introduced in the UK in June. Ferratum Business provides fast, easy working capital loans of up to £50,000 to small and medium sized enterprises ("SMEs") in the UK for periods of between 6 and 12 months.

Also in June, the Mobile Bank was launched in France and Spain, two of Europe's largest retail banking markets. The introduction of Ferratum's Mobile Bank in these two important markets brings the total number of countries where the Mobile Bank is currently available to five, following its launch in Germany, Sweden and Norway in 2016. On 1 September, Ferratum announced the appointment of Jussi Mekkonen as the new Chief Executive Officer of Ferratum Bank p.l.c. Mr Mekkonen assumed his responsibilities on 1 November 2017 and will play a key role in accelerating the roll-out of the Mobile Bank across further markets in Europe.

---

## OPERATIONAL DEVELOPMENTS

Twelve months ago, Ferratum commenced an important series of initiatives to ensure that the Group's management structure, IT infrastructure, customer systems and processes would remain resilient and scalable as Ferratum continues to grow.

The centralization programme covers both mobile banking and digital lending customer services and collections. The centralization initiatives have resulted in increased staff cost in 2017 but are intended to deliver a range of group-wide cost and efficiency benefits from 2018 on, such as the streamlining of resources, harmonization and standardization of processes, adoption of common key performance indicators across regions and cost reductions that avoid the duplication of country practices.

Having centralized the customer services, marketing, back office and collection functions of 14 countries into the Group's Malta operations in the first half of 2017, two more countries followed in the third quarter. The centralization programme is expected to be completed by mid-2018.

## TREASURY UPDATE

Net receivables from customers have grown by 31.7% over the first nine months of 2017 to EUR 242.9 million, from EUR 184.3 million at the end of 2016. The impaired loan coverage ratio has remained stable at 25.3%, reflecting a decreasing share of non-performing loans and an improving portfolio quality.

Ferratum ended the nine months reporting period with a significantly stronger cash position of EUR 116.2 million (31 December 2016: EUR 73.1 million). The increased figure includes some extra liquidity from the positive deposit growth in Ferratum Bank p.l.c.. The excess liquidity will be used in 2018 for the increasing lending volumes in Ferratum Bank p.l.c. resulting from both organic growth and the migration of additional countries to operate under the bank.

During the first half of 2017, the EUR 20 million bond for Ferratum Bank p.l.c. was repaid with proceeds from the EUR 25 million senior unsecured bonds due March 2020 [WKN: A189MG] issued in December 2016. In June 2017 Ferratum Bank p.l.c. successfully concluded a tap issue of EUR 15 million of the same bonds [WKN: A189MG] within the facility of an existing EUR 60 million bond issuance programme.

In July 2017, Ferratum Capital Germany GmbH, a subsidiary of Ferratum Oyj, issued a EUR 20 million senior unsecured bond due October 2018 [WKN: A2GS10], following a successful private placement with institutional

investors in Germany and Poland. The bond has a coupon of 4 per cent per annum and is listed on the Frankfurt Stock Exchange (Open Market).

By offering deposit products in Sweden, Norway, France, Germany and Spain, Ferratum is diversifying its funding base. Over the first nine months of 2017 customer deposits volume have increased by 53% to EUR 155.3 million (31 December 2016: EUR 101.4 million). Besides the strong cash position, the Group had unused credit lines amounting to EUR 15 million as at 30 September 2017.

Ferratum's group rating of BBB+ was confirmed by Creditreform Rating AG during March 2017 in its regular annual review. Bonds issued in 2013 by Ferratum Capital Germany GmbH are rated BBB+.

The BBB+ rating of the bearer bond [WKN: A1X3VZ] issued by Ferratum Capital Germany GmbH was also confirmed by Creditreform Rating AG in September 2017.

## PERSONNEL

As at 30 September 2017, Ferratum employed 836 employees worldwide. Personnel expenses increased by 44% to EUR 25.4 million over the same period.

## RISK FACTORS AND RISK MANAGEMENT

Ferratum Group takes moderate and calculated risks in conducting its business. The prudent management of risks minimizes the probability of unexpected losses and threats to the reputation of the Group. Therefore, it can enhance profitability and shareholder value.

The Board of Directors monitors operations regularly and is ultimately responsible for adequate risk management and ensuring that the company has access to the appropriate software, including instructions on controlling and monitoring risks. The CEO is responsible for the daily operations of the Group. Each member of the Management Team ultimately bears responsibility for identifying and controlling the risks related to their functions in line with instructions from the Board.

Ferratum proactively follows all legal changes that might occur in the countries it operates in and adjusts its operations accordingly, while always considering customer and user experience.

The risks of Ferratum's operations can be divided into four main categories: credit risks (receivables from customers), market risks (including foreign exchange risks, interest rate risks and other price risks), liquidity risks (cash flow and financing risks, as well as covenant compliance and regulatory requirements and compliance)

---

and operational risks (such as IT risks, legal and regulatory risks and other operational risks).

Exposure to credit risks arises principally from Ferratum's lending activities. The risk is managed by proprietary risk management tools which assist subsidiaries in evaluating the payment behaviour of customers. These tools which are continuously updated and refined, ensure that only solvent customers are accepted, thereby controlling the level of credit losses. The scoring system and the credit policies of the Group's subsidiaries are managed by the central risk department.

The risk department is also responsible for the measurement of the payment behaviour of the credit portfolio on a daily, weekly and monthly basis. Risk provisioning and the calculation of the impairments are independently managed by the central finance department.

Market risks arise from open positions in interest rate and currency products. They are managed by the central treasury department, which is also responsible for Group cash flow planning and ensures the necessary liquidity level for all Group entities. Ferratum uses derivative financial instruments to hedge certain risk exposures.

Ferratum Group has rigorous processes in place to forecast and monitor the Group's liquidity requirements to ensure that it has sufficient cash available at all times to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities so that the Group does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities. Such forecasting takes into consideration the Group's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and, if applicable, external regulatory or legal requirements, currency restrictions, for example.

Operational risks, IT risks as well as legal and regulatory risks are of high relevance for Ferratum. Regulatory and legal risks are managed centrally by the Group's legal function in close cooperation with the authorities in the respective countries and relevant stakeholders. Potential or foreseeable changes in applicable laws are analysed on an ongoing basis and any necessary modifications to Ferratum's legal structure are implemented proactively.

The smooth and continuous operation of critical IT systems is effectively maintained by various information security solutions. Ferratum has developed its processes and systems in order to offer its customers, stakeholders and partners the most efficient and practical software designed to respond to the demands of a rapidly developing mobile consumer lending industry.

## SUBSEQUENT EVENTS

On 6 October 2017, Ferratum announced the launch of Microloan in Nigeria in partnership with Interswitch Limited. Interswitch, based in Lagos, builds and manages transaction infrastructure and provides secure electronic payment solutions. All Nigerian banks are connected to Interswitch, making the company the most accessible e-payment network in Nigeria.

Interswitch has launched a new lending services platform in partnership with five leading banks and three innovative credit providers, including Ferratum. Ferratum will initially offer Microloan amounts of between NGN 1,000 and NGN 10,000 (approximately EUR 2.70 to EUR 27.00) to customers of Interswitch who are resident in Lagos.

## SHAREHOLDER STRUCTURE

Compared to 30 June 2017, the shareholder structure of Ferratum Group remained unchanged. Directly and indirectly, Mr. Jorma Jokela holds a total of 12,027,970 shares, representing 55.37% of the total issued share capital of Ferratum, and remains the Group's largest shareholder.

The total free float of Ferratum Group amounted to 43.96% of the total issued share capital as at 30 September 2017.

## REVENUE DOMESTIC VS. INTERNATIONAL

| EUR '000               | Jan – Sept 2017 | Jan – Sept 2016 |
|------------------------|-----------------|-----------------|
| Revenue, international | 130,559         | 84,538          |
| Revenue, domestic      | 30,447          | 24,107          |
| <b>Total revenue</b>   | <b>161,006</b>  | <b>108,645</b>  |

## REVENUE OF BUSINESS SEGMENTS GEOGRAPHICALLY

In addition to operating segments represented by different types of products the management of Ferratum continues analysis of revenue by geographical principle. All the countries where the Group has operating activities are combined into the following four regions: Region 1, Region 2, Region 3 and Region 4. The detailed list of countries within each region together with the total regions' revenues for the nine months ended 30 September 2017 and the nine months ended 30 September 2016 are presented in the following table.

| EUR '000  | Jan – Sept 2017 | Jan – Sept 2016 |
|---|-----------------|-----------------|
| <b>Region 1</b><br>Finland, Sweden, Denmark, Norway                                   | 64,247          | 43,072          |
| <b>Region 2</b><br>Netherlands, UK, New Zealand, Australia, Canada                    | 32,987          | 18,010          |
| <b>Region 3</b><br>Estonia, Latvia, Lithuania, Poland, Czech, Slovakia, Russia        | 40,251          | 32,913          |
| <b>Region 4</b><br>Bulgaria, Romania, Croatia, Spain, Germany, France, Mexico, Brazil | 23,522          | 14,650          |
| <b>Total revenue</b>  | <b>161,006</b>  | <b>108,645</b>  |

## PERSONNEL EXPENSES

| EUR '000   | Jan – Sept 2017 | Jan – Sept 2016 |
|--|-----------------|-----------------|
| Salaries and other employee benefits (incl. bonuses) | (18,891)        | (13,142)        |
| Employee pension expenses                            | (664)           | (500)           |
| Other personnel expenses                             | (4,963)         | (3,733)         |
| Share-based payments equity settled*                 | (848)           | (297)           |
| <b>Total personnel expenses</b>                      | <b>(25,366)</b> | <b>(17,672)</b> |

\*Over time, certain individuals and employees have been granted option rights to invest in the shares of the parent company of Ferratum. According to IFRS 2 (Share-based payment), due to the fact that these individual investors are also employed by Ferratum, certain expenses need to be recorded in the income statement as equity settled share-based payments. These expenses reflect the potential upside for the minority shareholders in terms of a value increase of the shares. The fair value of this potential increase calculated is recognized annually as expenses over the vesting period.

---

## FINANCE COSTS

---

| EUR '000   | Jan – Sept 2017 | Jan – Sept 2016 |
|--|-----------------|-----------------|
| Interest on borrowings                           | (6,080)         | (3,594)         |
| Derivatives held for trading – net gain / (loss) | (7)             | (41)            |
| Other finance expenses paid on borrowings        | (181)           | (135)           |
| Foreign exchange loss on liabilities, realized   | (44)            | (1,053)         |
| <b>Total finance costs</b>                       | <b>(6,312)</b>  | <b>(4,823)</b>  |

## FINANCE INCOME

---

| EUR '000   | Jan – Sept 2017 | Jan – Sept 2016 |
|--|-----------------|-----------------|
| Interest income from cash and cash equivalents   | 29              | 49              |
| Derivatives held for trading – net gain / (loss) | 48              |                 |
| Foreign exchange gain, realized                  |                 |                 |
| <b>Total finance income</b>                      | <b>77</b>       | <b>49</b>       |

## ACCOUNTS RECEIVABLE - LOANS TO CUSTOMERS

| EUR '000  | 30 September 2017 | 31 December 2016 |
|---|-------------------|------------------|
| Accounts receivable - loans to customers (gross)      | 324,905           | 247,010          |
| Less: provision for impairment of loan receivables    | (82,039)          | (62,664)         |
| <b>Accounts receivable - loans to customers (net)</b> | <b>242,866</b>    | <b>184,346</b>   |

The Group does not have a material amount of individually impaired loan receivables. The ageing analysis of loan receivables which are collectively assessed for impairment is as follows:

| EUR '000        | 30 September 2017 |                          |                |             | 31 December 2016 |                          |                |             |
|-----------------|-------------------|--------------------------|----------------|-------------|------------------|--------------------------|----------------|-------------|

\*Gross book value

\*\*Net book value

\*\*\*Impaired loan coverage ratio

The Group uses an allowance account to recognize the impairment losses on loans to customers. Reconciliation of movements in the allowance account is as follows:

| EUR '000  | Jan – Sept 2017 | Jan – Sept 2016 |
|---|-----------------|-----------------|
| Provision for impairment on 1 January           | (62,664)        | (49,131)        |
| Impairments on loans                            | (56,277)        | (35,232)        |
| Amounts fully reserved and booked out           | 36,902          | 25,915          |
| <b>Provision for impairment on 30 September</b> | <b>(82,039)</b> | <b>(58,448)</b> |
