Revenue

In the first quarter of 2024 our revenue increased by 5.6% and amounted to EUR 108.6m (Q1 2023: EUR 102.9m). The Westwing Collection share went up from 46% in the first quarter of 2023 to an all-time high of 51% in the first quarter of 2024.

Contribution Margin

Our gross margin improved by 1.8 percentage points from 49.5% in the first quarter of 2023 to 51.4% in the same period of the current year. The improvement was mainly driven by the continued expansion of the high margin Westwing Collection.

Our fulfilment costs as percentage of revenue decreased by 2.1 percentage point from 21.7% in the first quarter of 2024. This was mostly driven by efficiency gains.

As a result, our contribution margin increased by 3.9 percentage points from 27.9 % in the first quarter of 2023 to 31.8 % in the first quarter of 2024.

Marketing Expenses

Marketing expenses increased to 12.7% of revenue in the first quarter of 2024 compared to 9.0% in the same period of the previous year. In absolute terms, marketing expenses went up by EUR 4.6m from EUR 9.2m in the first quarter of 2023 to EUR 13.8m in the same period of the current year. Following the launch of the new corporate identity in the third quarter of 2023, Westwing continued to leverage the momentum to invest into its brand awareness in Germany.

General and Administrative Expenses

As a percentage of revenue, general and administrative expenses decreased by 0.9 percentage points in the first quarter of 2024 to 18.2% compared to the same period of the previous year (Q1 2023: 19.2% of revenue). This development was primarily driven by cost consciousness. In absolute terms, general and administrative expenses were almost flat at EUR 19.8m in the first quarter of 2024 (Q1 2023: EUR 19.7m).

Adjusted EBITDA²

The Group's Adjusted EBITDA amounted to EUR 6.3m in the first quarter of 2024, compared to EUR 5.1m in the same period of the previous year. This corresponds to an increase in the Adjusted EBITDA margin from 4.9% in the first quarter of 2023 to 5.8% in the same period of 2024.

Next to share based compensation expenses, Westwing adjusted its EBITDA for restructuring expenses of EUR 2.7m in the first quarter of 2024, related to its complexity reduction program. Due to their non-recurring nature, related expenses are excluded from our Adjusted EBITDA.

² Figures in this section are presented on an adjusted basis, i.e. excluding (i) share-based compensation and (ii) restructuring expenses. We calculate "Adjusted EBITDA" by adjusting reported EBITDA for these items.

Segment Revenue

Both segments, DACH and International, showed revenue growth in the first quarter of 2024, with the DACH segment up by 7.7% and the International segment up by 3.2%.

Segment Adjusted EBITDA

In the first quarter of 2024, the Adjusted EBITDA margin in the DACH segment decreased by 3.2 percentage points to 5.8% (Q1 2023: 9.0%), which was driven by the brand awareness investments in Germany. 1.3 FINANCIAL POSITION

Cash Flows (Unaudited)

EURm	Q1 2024	Q1 2023
Cash flows from operating activities	11.0	11.4
Cash flows from investing activities	-6.7	-1.5
Cash flows from financing activities	-4.0	-5.9

Cash and cash equivalents as at beginning of the period	81.5	76.0
Cash and cash equivalents as at 31 March	81.9	80.0
Free cash flow	4.3	9.9

Cash flows from operating activities were relatively flat compared to the first three months of 2023 and amounted to EUR 11.0m (Q1 2023: EUR 11.4m).

Cash flows from investing activities increased from EUR – 1.5m in the first three months of 2023 to EUR – 6.7m in the same period of 2024. This primarily resulted from higher cash outflows for property, plant and equipment of EUR 3.3m and rent deposits of EUR 1.5m. Both effects were caused by the change of the rental agreement for one of our biggest warehouses in Poznan, Poland. Because of this, we have recorded assets in property, plant and equipment at the end of the first quarter of 2024 that were previously leased.

As a result of the developments in the operating and investing cash flows described above, the free cash flow for the first quarter of 2024 amounted to EUR 4.3m (Q1 2023: EUR 9.9m).

Cash flows from financing activities were EUR -4.0m in the first three months of 2024 (Q1 2023: EUR -5.9m). This improvement was mostly driven by the lower share buyback volume in the first three months of 2024. Furthermore there was no cash outflow from supplier finance arrangements, since we discontinued the use of this instrument in the fourth quarter of 2023.

Condensed Statement of Financial Position (Unaudited)

		31 March 2024		December 2023
	EURm	In % of Total	EURm	In % of Total
Total assets	212.9	100.0	203.4	100.0

Equity	72.6	34.1	75.0	36.9
Non-current liabilities	34.9	16.4	36.7	18.1
Current liabilities	105.4	49.5	91.7	45.1

As at 31 March 2024, total assets amounted to EUR 212.9m (31 December 2023: EUR 203.4m).

Non-current assets were up by EUR 3.3m compared to year-end 2023. This was caused primarily by increase in property, plant and equipment of EUR 2.3m and higher trade and other receivables of EUR 1.5m.

The increase in current assets of EUR 6.2m was mainly driven by higher inventories that were up by EUR 8.8m to EUR 36.9m (31 December 2023: EUR 28.1m), and EUR 1.5m higher trade and other financial receivables amounting to EUR 13.6m (31 December 2023: EUR 12.1m). This development was partially offset by EUR 4.9m lower prepayment on inventories.

Equity declined by EUR 2.4m from EUR 75.0m as at 31 December 2023 to EUR 72.6m as at 31 March 2024. This decline was caused by the negative net result and a higher amount of treasury shares which is deducted from equity.

Non-current liabilities were at EUR 34.9m as at 31 March 2024, which is EUR 1.8m below the amount as at 31 December 2023. This was driven by lower lease liabilities and lower liabilities for cash-settled share-based compensation.

Current liabilities were up by EUR 13.7m to EUR 105.4m (31 December 2023: EUR 91.7m), primarily resulting from an increase in trade payables and accruals of EUR 11.9m as well as contract liabilities of EUR 3.9m. This was partially offset by a EUR 1.9m decrease in refund liabilities.

Overall assessment of the Group's economic position

In the first quarter of 2024 Westwing delivered good results with continued revenue growth of 6% compared to the same period of 2023 and positive Adjusted EBITDA at EUR 6.3m despite ongoing challenging market conditions.

The good financial results in a still weak market environment prove the strength and potential of Westwing's commercial model. The Company will continue the transformation to build a less complex platform that enables the business to scale with operating leverage going forward.

1.4 OUTLOOK

We confirm our previously provided guidance for the full year 2024 and expect revenue between EUR 415m and EUR 445m, with a growth rate of -3% to +4%, and an Adjusted EBITDA in a range of EUR 14m to EUR 24m, at a corresponding Adjusted EBITDA margin of 3% to 5%.

1.5 EVENTS AFTER THE BALANCE-SHEET DATE

There were no events after the balance-sheet date that would have a material impact on Westwing's results of operations, net assets or financial position.
